2002 CLUB DUES

Well the call went out recently for back dues not up to date on our books. We at W3PIE would like to extend a big thank you to all of our members who responded to the 2002 club dues article in last months newsletter. There is still time left for any interested members to bring your lifetime membership current. We would hate to see any of you lose your seniority and have to start at zero. Many of you went out of your way to make up the past dues. There are still a few members in the rears for the years past.

Not only will you benefit by putting your memberships in good standing, the club will regain some much needed funds.

Thank you..

RAPID RESPONSE TEAM VOLUNTEERS NEEDED

Hello Everyone
I was recently appointed DEC for the WPA Rapid Response Team. I have been unable to find out who was on the previous team, and am working to try to rebuild the team from scratch. For this I need your help. I need volunteers for the Rapid Response Team from all across the WPA Section. Anyone interested in joining, PLEASE contact me as soon as possible. If there are any who were on the team before and would consider staying on, I'd like to hear from you. I need your contact information and what kind of equipment you have available. This is an important effort for the WPA Section, and we need volunteers badly. I look forward to hearing from you, and THANK YOU.

TIGER SCOUTS GET GRAND TOUR OF W3PIE

We at W3PIE would like to acknowledge the visit made to our club on March 9th for the 6 scouts that were in pursuit of their Tiger Merit badge. All who visited the club were instructed on the purpose and responsibilities of the amateur radio operator, the operations of the various types of equipment and the importance of clubs like ours throughout the country as a hobby and in times of national and local emergencies. The scouts were also given a demonstration of how amateur radio operators can communicate around the world once they pass the required tests and obtain the necessary levels of FCC license compliance.

Everyone was treated to pastries, sodas and coffee. We at W3PIE encourage local youth groups to contact the club to arrange an informational tour to aide others in obtaining their HAM license. Club members in attendance were President, David Watson, N3QAS, Bert Sesler, WA3WAW, Pat Pallini, WB3LUC, Len Baron, WA3EGS and Tim Soxman, W3ZVT (Photographer).

Congratulations on the new merit of Tiger Cub Guys.
Maybe see guys when your Eagle scouts..!!

Thank you everyone who attended...

BREEZESHOOTER CONTEST

Saturday March 23rd was the voice portion of the Breezeshooter contest . On a last minute whim, a few of our club member decided to get together and participate. The contest started at 8:00 PM to 12:00 midnite.

As it turned out we got a late start because I thought start time for the contest was at 9:00 PM ending at midnite. We made many contacts with other Hams throughout western PA, W.Va. and Ohio. Even though we got a late start we tallied very well in our point standing for a possible win.

Members at the club for contest:

David Watson N3QAS
Bert Sesler WA3WAW
Steve Holowach K3SDH
Chuck French KC3YR
George Syner WA3OGQ

**COLLECTORS
CORNER
By Tim Soxman
W3ZVT**

The Vibroplex Midget is the rarest of the Vibroplex keys. At present there are only 8 examples of the key in collectors hands. The key was manufactured between 1918 and 1920. The key was nickel plated and had a pivoting outrigger arm that was used to provide additional stability for the key when it was in use.

The base of the key was 1 1/2" by 5 1/2" and Vibroplex stated in their 1918 advertisement that it was a "vest pocket key". There was no space on the top of the base to fit an identification plate so Vibroplex fitted their plate on the bottom of the base.

The 1918 ad in QST for the Midget shows a Midget with a "U" shaped damper. Till now none of these keys have been found and all of the keys in collectors hands have the simpler post type damper. Another option that Vibroplex offered at the time was the Midget upperworks mounted on a Number 4 (Blue Racer) base. To date neither the #4 base or the "U" shaped damper Midget has been found.

The Midget pictured in the photos is a replica of the original Midget and scaled off various available photos and other information. A Midget that never was, one with the "U" shaped damper, is being built in my machine shop right now.

GUESTS PRESENT: Robert Button

CALL TO ORDER: President Dave Watson, N3QAS, called the meeting to order at 1931 with 23 members and 1 guest present.

Treasurer's report was read

Secretary's report was accepted as printed in the March Newsletter

Old Business:

Pat Pallini is currently working on getting the club exempt from trash bill fees.

A report was given for the Valentines Dinner stating that "Fun was had by all"

A report was made regarding John Cermak and Dave Petrovich. The club membership is encouraged to keep both of these members in our thoughts and prayers.

New Business:

Pat Pallini reminded everyone of the Weather Training Skywarn Class at 911 on March 26, 2002 and of the upcoming Statewide Weather Preparedness Drill on Tuesday March 19, 2002.

Pat briefly talked to the club membership about a Daily Traffic Net on 3988.3 KHz for the purposes of relaying messages back to our area. Pat is also encouraging the club membership to take a more active participation in the Weekly Thursday Night Net. Pat is extremely disappointed that some of the newer members are not checking in.

***March of Dimes Walk-a-thon to be conducted on Saturday, April 27, 2002 at 8:30 AM.

Pittsburgh Marathon

Recruits Needed for May 5th, 2002

Dear Amateur Radio Operator:

The UPMC Health System/City of Pittsburgh Marathon has again requested amateur radio's participation in this year's event. The Marathon will take place on **Sunday, May 5, 2002**. If you were a part of the success of last year's operation, I hope that you will be willing and able to join us again this year. If you are new to the hobby or have never participated in this event, we need **YOU**.

As in the past, we will be providing vital and necessary communication to ensure the safety and well being of all the runners and spectators. The tragic events of 9-11 have not been lost on this year's race. Amateur radio is again being asked to be the "eyes and ears" of the Marathon. More than 150 amateur radio volunteers will be needed to support this effort. Over the past 5 years, the number of amateur radio volunteers has steadily dropped. I need your participation! I'm also asking you to recruit 1 operator who has never participated in this event. This is an opportunity for you and amateur radio to provide a public service to our community, as well as being part of this prestigious event.

Registration is easy. Go to <http://www.cs.pitt.edu/~hoffman/marathon.html>, fill out the form and hit send. That's all there is to it. You can also go to the UPMC/City of Pittsburgh Marathon web site, <http://www.upmc.edu/pghmarathon/>, to find out more about the event. You can also register as an amateur radio volunteer from this site. You will receive your assignment and detailed instructions the week of the event. A pre race meeting will also be held the day before the Marathon to answer questions and to pick up your credential, hat and shirt.

I look forward to having you join us this year.

73,

Konrad/W3KK
W3KK@aol.com

Editors Note: Konrad helped us with our annual Triathlon last year. If anybody can spare the time, it sure would be honorable of us to do so.
